FRIGHTFUL CRASH OF ELECTRIC CARS

Twelve Persons Killed and Forty-Five Injured in Accident.

COLLIDE AT JUNCTION.

Crowds of Sunday Excursionists in Cars—Telescope and Pin Victims Under Trucks.

Los Angeles, Cal., July 14.—With twelve persons known to be dead, five fatally injured and forty in local hospitals, it was expected today that the death list in a traction wreck on the outskirts of Los Angeles last night, will reach fifteen, and, perhaps, twenty.

The crash occurred in a cut at Vineyard station, a junction point. A Pacific interurban electric train ran into another filled with holiday crowds. Among the injured several have but a few hours to live.

Three cars approached the Vineyard Station junction of the Santa Monica and Venice interurban lines at almost the same time. Trouble with the overhead wires caused one to come to a halt and put out the danger lights.

The motorman of the car following saw the stalled car ahead and halted his train. He backed out of the junction and was putting out danger lights when the third interurban following closely, crashed into his train without warning.

Crowds of Sunday excursionists filled both cars. They telescoped each other and rolled over, the heavy trucks pinning the victims under the debris and mangling their bodies into unrecognizable shapes.

Men and women, with legs and arms crushed, but yet conscious, begged passengers of the first train to shoot them and ned their sufferings.

The motorman of the third car was killed at his post.

MANGLED UNDER CAR WHEELS

Brakeman Jolted From Seat and Killed in P. R. R. Yards.

Philadelphia, Pa., July 14.—Jolted from the railing of a caboose standing in the Pennsylvania Railroad yards last night, near 33 street, Jas. Magy, 30 years old, of Perry street, Trenton, N. J., was hurled to the tracks and mangled beneath the wheels of a shifting engine. Magy was taken to the Presbyterian Hostal where he died about an hour after being admitted to the institution.

According to members of the train crew Magy was sitting on the railing of the caboose reading a newspaper, when the shifting engine came silently up the tracks and bumed into the freight train. Magy made a desperate effort to grasp the hand railings, but his attempt was unsuccessful, and he was thrown beneath the wheels of the engine.

NEWS OF THE DAY.

NEW SOF THE DAY

Caleb Evans said he never felt better in his life a few moments after consuming eleven pies in ten minutes at a pie-eating contest yesterday at Walden, Col. An hour later he died.

Nine deaths was the toll exacted by the waters in and near New York yesterday. Two men were drowned in the Hudson when the canoe in which they were rowing toward the New Jersey shore was overturned. A boatman lost his life in Newark when he tried to rescue another man, who also was drowned. One man met death reaching for his hat while on a float off Linden street, Jersey City, and another was drowned when he swam out too far at New Dorp Beach. Another was drowned in Hempstead harbor, while two boys lost their lives near Coney Island.

Whether a strike of upward of 80,000 conductors and trainmen on 54 Eastern railroads shall be declared within the next few days depends upon whether the railroads recede from their position and withdraw from the refusal to arbitrate the wage and other differences between the companies and the men. This declaration was made in New York last night in statements by the men's representatives after the grievance committees from the various roads gathered here in conference had ratified the strike vote of the men recently taken and had authorized A. B. Garreston, president of the Brotherhood of Railway Conductors, and W. G. Lee, president of the Brotherhood of Railway Trainment, to issue the formal strike order to their respective organizations.

.The Pope is much annoyed over an incipient mutiny among the Swiss guards, who have the place of honor of all Vatican functions. One of the guardsmen refused to perform patrol duty, and was promptly arrested. His case was heard and he was sentenced to two months' imprisonment. Others, on hearing of this summary action, also declined to do patrol duty, and were also arrested. They will be punished.

Samuel H. Benson, retiring president of the city council of Wilmington, Del., was probably fatally injured and four other men drowned yesterday in accidents in the Delaware river.

Two persons were killed and a number injfiured last night in a collision of two Baltimore and Ohio passenger trains near Cambridge, Ohio, 50 miles west of Wheeling, W. Va.

Patrick Comisky, aged 30, of Jersey City, who was under arrest yesterday for vagrancy, committed suicide in the county jail yesterday at Newburgh, N. Y., by hanging himself to the cell bars with a shoestring.

A bonfire started by two Italians in a lumber pile back of a garage at Syracuse, N. Y., caused a fire which did more than $100,000 damage to 20 buildings.

Two electric trams, crowded with passengers on their way to a bull fight at Irun, a Spanish town, near Hendaye, France, collided yesterday. Ten persons were killed and 50 wounded, many of them seriously.

Standing on a chautauqua lecture platform of Hendersonville, near Asheville, N. C., Secretary of State William Jennings Bryan yesterday declared that the salary paid hm by the government is insufficient and that he is forced to lecture in order to supplement his income. He also declared that there never will be another Democratic convention and that candidate in future will be chosen by direct primary.

INVESTIGATION OF MULHALL CHARGES

Senate Lobby Committee Decides to Abbreviate Hearing.

WILL BE NO QUIZZING.

To Propound Their Own Questions—Witness Returns to New York to Pass Through Probing.

Washington, July 14.—The Senate lobby committee will not permit counsel for the National Association of Manufacturers and the American Federation of Labor to cross-examine witnesses in connection with the investigation of the Mulhall charges This decision has not been officially announced but it has practically been reached by the committee.

The effect of this decision will be to abbreviate the inquiry. Members of the Overman committee believe that if they throw the doors wide open and allow counsel to cross-examine, much time will be wasted to no account. What will be done will be to permit counsel to be present, to permit them to suggest witnesses and to allow them to suggest questions to the committee. The questioning, however, will all be done by the committee itsel.

Members of the committee are aware that the charge may be made that politics is entering into the inquiry if they turn down the demands of counsel But they intend to conduct the examination fairly and at the same time with all reasonable expedition and complete the Mulhall inquiry in a month.

GREAT YEAR FOR SNAKES.

South Jersey Farms Appear to be Full of Reptiles.

Woodbury, N. J., July 14. — The year 1913 will go down in history as a great snake year in South Jersey. Reptiles are seen in every direction of the country districts. Game Warden Avis' experience in the woods near Williamstown, recently, when he became surrounded by snakes when looking for dogs running rabbits has been confirmed by huckleberry pickers, who have run across them by the score. Dead snakes, run over by automobiles, lie all along the country roads.

Fred Myers, a plumber of this city, ran into a big nest of snakes while making repairs to an old house between here and Westville. One of his helpers, a colored man, was the first to find them, and Myers says the man must be running yet, and he has not reported for work. It was sometime before the place could be cleared so that work could proceed. Farmers frequenlty find single ones or nests in the fields, but as a rule do not disturb them, because the reptiles feed on worms and insects, to the benefit of the farmer.

DEAD ON HUSBAND'S GRAVE.

Widow's Faithful Vigil of Fifteen Years Ends.

North Bergen, N. J., July 14.—When Mrs. Emma Duerkes, 64 years old, was not seen around her home, at No. 678 Hackensack Plank road, yesterday mroning, neighbors investigated and found that she had not been home all night. They went to the nearby graveyard and found Mrs. Duerkes dead upon her husband's neatly-kept grave.

Coroner Schlemm said that heart disease had caused a quick and painless death. rs. Duerkes is survived by sisters and two nieces. She had lived alone for years.

WARM WEATHER THIS WEEK.

St. Swithin's Day Tomorrow—Traditions Concerning Meterology July 15.

Warm and generally fair weather except for local thunder showers is promised by the Weather Bureau for the week.

St. Swithin's name has been associated with humidity and the date, July 15, for centuries. He was an English ecclesiastic, who was chaplain to King Egbert and tutor to his son, Ethelwulf. In 1852 he was consecrated Bishop of Winchester. He orginated the tribute of "Peterpence," and procured the passage of an act requiring all the English to pay tithes. At his own request he was buried where the rain might fall upon his grave. To make this sure he was buried under the eaves of his church. When it was proposed one July 15 to place his body on the inside of the church, the elements protested and prevented it by raining on that day after it for forty days, and hence the tradition.

SAYS HE WAS ROBBED.

West Virginian Found in the Streets Wearing But One Garment.

Chares W. Hockman, 26 years old ,of Keser, W. Va., and at one time employed as a guard at St. Elizabeth's Hospital for the Insane, was found wandering about the city early yesterday minus clothing save a pair of trousers. He was taken to police headquarters. Hockman was picked up by four citizens, who turned him over to the police. He told the police that he came to Alexandria from Washington about 4 o'cock Saturday afternoon to redeem a watch he had pawned here He had a mazy recolection of meeting two men, with whom he went out on the river in a small boat, and then of falling into the water and swimming a long distance before he reached ashore. Hockman declares that he had between $10 and $15 in a pocket of the missing coat. He stated that he had been wandering about the river front since about sunset Saturday The police are trying to locate Hockman's clothing and the two men wit hwhom he claims to have been boating. He left the station house yesterday after having procurd additional clothing.

STRIKE MAY CAUSE SCARCITY OF MEAT

Anxiety in Washington on Account of Failure of Negotiations.

FRUIT IS ALSO SHORT.

Grave Conditions Will Exist Should a Tie-up of Railroads Take Place at Present .

Washington, July 14.—Washington will face a meat famine inside of two or three days if the conductors and trainmen tie up the eastern railroads with a strike.

The cold storage branch of the big Center Market is nearly empty today. The western beef men sent through no extra supplies yesterday, and today to meet the contingency of a railroad strike.

Fruit and vegetables too ,are short, and while a supply could be obtained from surrounding towns the bulk of the city's supply would be cut off the same as the meat supply.

The city faces a serious problem, similar to that in the blizzard of 1889, when with onl ya day or two more of field up traffic the city would have been without a pound of meat.

Twice before has the nation's Capital been contronted with a contingency such as it faces today, but not with so small a supply of food in sight. In the eighties floods shut off railroad travel from the West, and the food supply problem was serious.

The storage nad meat men see no chance of relief from the present situation Beef is scarce, and the railroads cannot move an exact supply in time to relieve the situation in case of a trodden determination to strike.

BIG WAVE DROWNS GIRLS.

Three Washed From Bar Perish in Sight of Hundreds.

Syracuse, N. Y., July 14.—Washed off a sandbar by a giant wave, three Syracuse young women were drowned at Sylvan Beach, Oneida Lake, yesterday afternoon, before any of the 200 bathers near by could reach them. The victims are Miss Rose Sweeney, 23 years old; Miss May C. Salter, 22; Miss Catherine Punch, 20.

In company with nine other members of a girl's club they went to Sylvan Beach for a day's outing. They went in bathing, although none could swim, and had waded some distance from shore when a comber swept the three victims off their feet. Several men made desperate but vain attempts to save them.

Reaper Frees Frog Jonah.

Hazelton, Pa., July 14.—Somewhere in the Laurytown Valley a big frog is croaking thanks to H. H. Sloat, of Rockport, who saved his life after he had been swallowed by a large rattlesnake in Sloat's field.

Sloat, while reaping, cut a rattler in half with the machine. From the forward half of the snake wiggled the frog after considerable effort, and as he emerged from his involuntary amode he leaed as in glee to escape such a fate. The frog had evidently been swallowed but a short time before the snake met his doom.

The snake had thirteen rattles.

SITUATION IN THE BALKANS SERIOUS

Roumanian and Turkish Troops Moving on Bulgarians.

TO SUPPORT TURKEY.

No Truth in Rumor of Assassination of Czar Ferdinand—Cruel Treatment of Prisoners.

London, July 14.—Although it has been officialy declared that reports of rioting in Sofia were untrue, as well as rumors concerning the assassination of Czar Ferdinand, the situation in the Balkan states was serious today. The Roumanians have continued their advance into Bulgarian territory unopposed and have reached Dobritsch.

Advices from Constantinople state that the Roumanian minister and grand vizer were in conference throughout yesterday discussing a possible agreement. It is believed that an understanding was practically received whereby Roumanian will support Turkey, providing she is furnished five torpedo boats.

Turkey has prepared for an extended campaign against Bulgaria, and today two armies were moving by forced marches from Chatalja and Bulair. They are said to have occupied Corlu and the Bulgarians have evacuated Rodosto. The Porte is said to have received assurances from Athens, Belgrade and Bucharest that Greece, Servia and Roumania will not agree to any armistice without consulting Turkey.

Reports reaching here continue to tell of horrible treatment of prisoners and non-combatants by Bulgarians Reports from Athens and Salonika daclare that ears and fingers of Greek women bearing earrings and rings were found on Bulgarian soldiers who were captured.Reports of the massacres as Seres continue to come in. The Daily Telegraph's correspondent said an Armenian survivor reaching Salonika asserted that many victims were crucified, burned alive, or hacked to pieces. The Armenian's servant was nailed to a door, the correspondent declares.

A correspondent with the First Servian says that a Russian cinematograph operator reported that at Krivolak he found dead Servian soldiers with their ears and noses cut off. One man's tongue had been torn out, some were cricified,and charred remains of others still hung to stakes.

GAY DECEIVER FRANTIC.

Failure of Suicide Pact and Bride's Discovery Make Boy Wild.

Englewood, N. J., July 14.— John Simonovitz, 17 years old, became violent and tried to leap from a window of the Englewood hospital yesterday afternoon, when he learned for the first time that his young bride, who was Miss Barbara Ackerman, of Brooklyn, had become to know of the deception he had practiced upon her. Together they took poison last Monday at Tenafly.

The boy, a cobbler's son, in his courtship of Miss Ackerman told he was the son of a Southern Millionaire, and finally, when he could keep up the pretense no longer, because of lack of funds, induced her to consent to die with him. Because of the small quantity of poison they took, diluted with grape juice, and the fact that medical attention was given shortly afterward, both will recover.

LIGHT INFANTRY AT HOME

Members of Local Company Met By Many Friends at the Union Depot

The Alexandria Light Infantry, or Company G, First Regiment Virginia Volunteers, under command of Capt. Frank L. Slaymaker, returned yesterday afternoon from the week's encampment of the Virginia militia at Virginia Beach. A large crowd of relatives and friends of the organization met them at the Union Station. The company marched from the station to the armory and then broke ranks.

Major King did not accompany the command home. He will spend a few days at Ocean View.

The Alexandria soldiers, like those from other portions of the state, had to bear the inconveniences caused by the recent heavy rains at Virginia Beach and vicinity. On Thursday night they had to sleep in about six inches of water.

On Wednesday afternoon the Light infantry team defeated the team of the Lynchburg Home Guards in a baseball game by a score of 16 to 3. Liuet. Trenary, who pitched for the Alexandrians.

With $30,000 apropriated by the State and Federal government for the eight day's encampment at Virginia Beach by the Virginia brigade, Virginia volunteers expended for only two and done-half ay's work the real story of the encampment and of the indignation of officers and men at the conditions they found on the site and the difficulties they labored under while merely attempting military routine it being tol by the returning companies.

The camp site is only two feet above the sea level, and there was absolutely no surface drainage. The men had to dig down to the drain tiling because the water would not soa kthrough, and on Friday nearly every tenth man in the entire brigade worked in bathing suits, while others and even the officers themselves took off their shoes and waded about the grounds in their bare feet.. In some instances the water was nearly up to their knees, and, as stated above, some of the men had actually to lie down in water. The grounds, it is said, were covered with water when the brigade arrived, and incessant storms made the conditions so bad that military duty was performed only through Tuesday and Wednesday and Thursday morning. Little effort, it was stated, was made to maintain discipline, and the men did practically as they pleased. Strange enough, however, there was no sickness, and this is accounted for principally by the fact that 200 gallons of oil had been poured into the breeding places of mosquitoes, and those of them which were not killed by the oil were destroyed or rendered harmless by the rain. So the fact that there was no outbreak of typhoid or other disease was more a matter of luck than the resut of fore-sight.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and so salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of watergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years."

We ourselves vouch for the D.D.D. Prescription for eczema and absolutely guarantee that it will take away the itch the instant you apply it.

If you are suffering from any form of skin trouble we would like to have you come to our store, for we have had the agency of this remedy for so many years that we can tell you all about D.D.D. Prescription and how it cures eczema. In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a $1 bottle on our guarantee that it will cost you nothing unless you find that it does the work. For that matter a trial bottle for 25c ought to be enough to absolutely prove the merits of the remedy.

Drop into our store anyway and we will tell you all about this great remedy.

NEWS OF THE OLD DOMINION.

MUTINOUS CHINAMEN.

Officers of British Steamer Attacked While at Sea.

Newport News, Va., July 14.—Sweeping over the ship like pirates with knives, crowbars, wrenches and other improvised weapons, they could find fourteen Chinamon, members of the crew, attacked the officers of the British steamer Norman Monarch Thursday, wounding the master, Captain Watson, chief engineer, third engineer, the latter seriously; the second mate, and boatswain.

The revolt was without warning and the Englishmen were literally swept off their feet with the suddenness of the attack. They rallied, however, and after a desperate fight managed to secure weapons with which the mutinous Chnks were beaten off.

The mutiny, the cause of which Captain Watson has never learned, occurred at sea. Immediately the vessel was headed to this port. Until her arrival Saturday afternoon the officers had been practically without food or sleep, not daring to leave the deck, although heavily armed. On passing Cape Henry, Captain Watson signalled his trouble, and a United States marshal and a body of armed deputies boarded ship, put the Chinamen under arrest and locked them up in the city jail.

Several of the Chinamen were badly wounded, and these with the injured Englishmen were given surgical treatment. Captain Watson says it was one of the most trying experiences of his careeer, and he and his officers never expected to reach port alive.

The attack, which started in the engine room, seems to have been well planned, they say, but they have no idea as to why the men should mutiny.

TERRIBLE EXPERIENCE.

Fireman Falls in Ocean And Is Shot at For Porpoise.

Norfolk, Va. July 14.—To be afloat on the briny waters of the Atlantic ocean for nine hours, eight miles from land, with only the fishes for company and then be rescued by Menhaden fishermen after being mistaken and shot at for porpoise, was the experience of William P. Bainbridge, a seagoing fireman who left Norfolk last Saturday on the tug Resolute of the P. Dougherty company's fleet.

Bainbridge had shipped as fireman on the Resolute in Norfolk last Saturday, and left on the vessel which had a tow of barges for New York last Sunday morning. He had been feeling badly and had been drinking heavily for several days before shipping on the tug, and was in no condition for work on Monday..

Seeing his condition, the chief engineer on the tug told him to go on deck until he felt better. He went up and sat on the vessel's rail. He leaned a little t far over the rail and fell overboard.

He was nearly exhausted when picked up by fishrmen.

EIGHT ARE DROWNED.

Sloop Capsized in Boston. Harbor Late Saturday.

Boston, Mass., July 14.—Eight men were drowned and six of their companions rescued early Saturday evening when the 35-foot sloop Alberta capsized in a squall in Black channel, about a mile from the Greater Brewster and Graves Islands in the lower harbor. The rescued were brought to Boston aboard the port health officers' boat Vigilant, and now are at the Relief Hospital, suffering from immersion and exhaustion. For more than an hour they were in the waters of the harbor, clinging to the rigging of the sloop, and her tender which did not go down. The drowned men were: Arthur C. Ayres, supernitendent of the Sailors' Haven, on Water street; Crafton Morgan, first officer of the White Star Liner, Cymric; Michael O'Neil, John Looney, Jeremiah Crowley, Joseph Cole, Martin Diaken, and John Holland. All of the drowned were residents of Charlestown, save Morgan, whose home was in England.

VICTIMS OF FALLS.

Two Roanoke Men Succumb After Battle Against Death.

Roanoke, Va., July 14.—Two men died in local hospitals early yesterday morning as the result of accidental falls.

Fireman Jacob D. Talley, who was jerked from his seat on hose carriage No. 3, while answering a false fire alarm, died.

William Warner Byrd, a lineman, fell a distance of sixty feet from the roof the telephone building last Tuesday and sustained injuries from which death resulted

Byrd, a splendid specimen of young manhood, lost his life in a display of his strength and agility. Pulling up a rope hand over hand to a beam suspended sixty feet above, he lost his balance after reaching the beam in safety and fell to a concrete paved area alley.

MAY DIE FROM WOUND.

Soldier Shot in Stomach—Claims it Was Accident.

Hampton, Va., July 14.—Private Samuel Harper, a member of the Thirty-fifth Company at Fortress Monroe was shot and probably fatally by Private Homer Patrick, a member of the Fifty-eighth Company, Saturday morning in Schrrill's saloon on Mellen street in Phoebus.

The ball entered the stomach of Private Harper, and according to the physician, the wound is extremely dangerous. Harper was taken to the office of Dr. George K. Vanderslice, where he received temporary treatment and was later removed to the hospital at Fort Monroe. There the surgeon said an operation would be necessary and the result could not be determined, until the operation was completed.

According to the story told by Harper and others in the saloon at the time, the shooting was an accident, is said that that there were about twenty artillerymer in the saloon when Patrick entered the place. He had a 32-calibre bulldog revolver and began to show it to his acquaintances. Finally the explosion of a revolver was heard and those in the saloon were startled when they saw Harper reel and fell to the floor mortally wounded. Patrick ran out of saloon and escaped and was not arrested until Saturday.

Died From His Injuries.

Winchester, Va., July 14.—Russell Rosenberger, aged 20 years, died yesterday at Memorial Hospital from injuries received yesterday by being run over by his wagon. He was engaged in hauling supplies to the United States Cavalry maneuver camp, near town, when part of the load toppled from the wagon, striking Rosenberber and throwng him under the wheels, which crushed his chest.

Just a year ago a brother of the dead man was killed by having both feet cut off by a mower, and his gradfather also was instantly killed by being run over by a wagon. Rosenberger was a son of Asa L. Rosenberger, a leading farmer of the county.

There were no eye witnesses, but it is reported that the two men had previously ha da quarrel. Lewis was brought to Petersburg by Sheriff J. W. Galusha and committede to the county jail. He claims the shooting was accidental.

BIG TAX INCREASE.

Total Taxable Values of Lynchburg Will go up to About $35,000,000.

Lynchburg, Va., July 14. — According to figures made public the state will get from taxpayers in this city nine thousand dollars more than last year. This is due, it is thought, in a large degree to Auditor Moore's insistance on more correct returns although Lynchburg's tax returns have been regarded as large in proportion to population.

The largest increase, of course, will be in personal property taxes, for the realty will not be reassessed until 1915. The income tax will show an increase of $439,176; real estate $423,500, and personal property, $1,101,830, of which $960,773 is on intangible assessments. Money in bank on February 1, increased from $333,179 in 1912 to $532,779 this year, an increase of $199,600.

Added to the assesment of real estate and personality will be something like $17,000,000 on public service corporations, which will be made later by the State Corporation Commission.

To this also might be added $7,000,000 incested in capital, on which ther is a license tax, but which is not assessed as other property, which would bring the total taxable values of the city up to about $35,000,000.

Boy Kills Rattler.

Lynchburg, Va., Juy 14.—Marvin Hunt, a 12-year-old son of W. T. Hunt, who lives near Perrowville, Bedford county, has killed the largest rattler ever seen here, and in proof brought the skin to Lynchburg, and sold it to a jeweler for belts. It measured 5 feet 3 iches in length, and was 8 1-2 inches around the body. the snake carried 10 rattles and a button, showing that it was over 10 years old, The boy saw the snake crawling under an apple tree and disabled it by striking it in the head with a rock and killing it with another.

Strikes Same House Twice.

Suffolk, Va., July 14.—The adage that lightning never strikes in the same place twice was disproved when the home of John Abram Johnson, a well to do farmer of Nansemond county, was struck by lightning on Thursday and again Friday afternoonin the severe storms that visited this section.

On Thursday Mr. Johnson's place was struck on the edge of the roof, the main damage being the destruction of a window and wood floor.

On Friday afternoon about the same hour, another terrific storm struck this section, and again lightning struck the Johnsn house, doing only slight damage.

All of the family were in the house on both occasions, but beyond a severe fright no one was hurt.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

MEXICAN SITUATION. BECOMING ACUTE.

While the United States is generally patient and long-suffering, it seems that the time is not far off when Columbia must awake to the realization of the fact that something must be done concerning Mexico. The factions now holding the reins of that storm-tossed country have for some time been engaged in acts calculated to irritate this country, and the latest reports represent the turbulent crowd threatening to blow up the United States Consulate. Yesterday this country was grossly insulted by a mob paying honor to Japanese emblems, and impling that they were ready to join hands with Japan in a war against this nation.

Of course, no one entertains any serious idea that Japan dreams of allying herself with irresponsible Mexicans, whose capriciousness is proverbial, but the fact remains that American citizens are being insulted in Mexico and at times their lives are in peril by reason of the chronic ferments in that unhappy land.

The United States has ever been slow to enter into an armed conflict. it was so in continental days when diplomacy had been exhausted. Again in 1812 the unreasonable attitude of Great Britain precipitated the second war for independence.

The short war with Mexico in the latter part of the forties, when the latter country would not listen to reason.

In 1898, after having endured much from Spain for over a century, it was not until the Maine was destroyed that the war dance began.

This country is still acting patiently. but how long can such tactics last

COMING DEMOCRATIC PRIMARY ELECTION.

With the Democratic primary for state offices only three weeks away a number of gentlemen who are seeking office are discovering just what it means financially, and otherwise, to make a state wide campaign. One of the candidates, who seems to have looked into the matter announces that it takes $7,500 to send one sealed letter to each of the Democratic voters in the state. Naturally, to perfect any sort of a working organization throughout the 100 counties and 30 cities means the expenditure of large sums of money, unless the candidate, by his own personal prominence and popularity, is in position to command the services of hundreds of friends who will contribute of their time and money to aid in making his race for office successful. The days of bribing voters and using money illegally in political campaigns have passed away Our state politics are probably clean as any throughout the union. ..r, the use of money for the ... expenses of a political campaign must always remain as a necessary feature in a primary election and must fall principally upon the aspirant for office. It is a bold man indeed, who will go into a state-wide fight without being plentifully supplied with funds, to give him hope to be in the running when the polls are closed and the votes are ready to be counted.

Another work on "Lives of the Hunted" will probably be written by the much-sought-after Mulhall, just as soon as he gets a little leisure for literary pursuits.

A Colorado man died yesterday after eating eleven pies in ten minutes in a contest These bakers should be carefully watched. There is no telling what injurious substances they put in pies.

The latest thing in the shirt-waist line was pulled off by the Baltimore preacher who, yesterday, handed out a spiritual feast in his shirt sleeves.

It is a sort of rubbing it on postal clerks when a man has the nerve to send a wet bathing suit by parcel post.

WAR ON THE FLY.

Should be Co-Operation by Residents With City Officials.

In carrying on a systematic war of extermination against flies one or two seasons of active co-operation between residents and city health officials should result in entirely freeing the city of the pest. A successfully conducted campaign of course implies that the school children have been enlisted in the work of extermination. This not only keeps the children out of mischief, but affords an excellent opportunity for educational work on cleanliness and sanitation which will prove of future use to the child as it instills habits of neatness and cleanliness.

To intelligently wage war on the house fly, we must understand something of its nature as an insect. While there are many species of the fly that are dangerous to mankind and disease carriers, we will confine ourselves in our description of flies, to the common demostic house fly, which will answer for all practical purposes.

In localities where a number of horses are kept, fully 85 per cent of the flies found in that neighborhood come from the stable manure.

Pig sties are the most prolific breeders of flies and fairly swarm with the larvae of maggots.

Garbage receptacles, contrary to accepted belief, are not good breeding places when the vegetable refuse is collected every day or so.

Lawns, that have been freshly fertilized with stable manure often prove the source of an epidemic of flies, even a long time after it has been applied.

After a careful study, it is the generally accepted theory that stable manure is responsible for the continued existence of flies, in localities, which would point to the necessity of having proper laws in each community regulating the disposal of stable manure, and providing saintary inspection of such places.

BARGAINS OF A LIFETIME.

Owing to the death of John A. Marshall, the business of the firm will be conducted by me as surviving partner. The affairs will have to be settled, no matter what the sacrifice. Knowing full well that it will take considerable time to close this matter by even getting cost prices of our goods, I have determined, in order to settle quickly, to sacrifice everything. It is impossible to enumerate the immense stock, but a few will suffice to interest those who would like to get something for actually nothing. The sale will begin tomorrow, July 12th, and will continue throughout the week. To interest the people we will mention a few of the many bargains:

Broken lot Men's $4 and $5 low Shoes and oxfords, for $1.50.

Women's oxfords, in broken lots, mostly small sizes and narrow width. Usual price $2.50, $3 and $3.50, now $1.00.

Children's oxfords that sold for $1.00, $1.25, and $1.50, to be sold at 50 cents a pair.

Misses oxfords,which we never sold for less than $1.25, $1.50 and $2.00, will go for 75 cents a pair.

100 pairs of misses and children's white canvas pumps and oxfords, a few slightly soiled, will be sold for 25 cents a pair.

In conclusion, I want to ask my friends to assist me in settling the affairs of the firm promptly, and the best way I can suggest is by closing their accounts. I will gratefully appreciate their co-operation in this matter.

QUARREL ENDS IN MURDER.

Colored Man Shot to Death and His Slayer is In Jail.

Petersburg, Va., July 14.—Sheriff Galusha, of Dinwiddie county, brought to jail in this city, this evening Ruben Lewis, colored, charged with the murder of Israel Fagan, also colored. The murder occurred near Butterworth early yesterday morning, and was the result of Fagan having told of certain statements made by Lewis in reference to fellow workmen. Both of the men were employed by the Camp Lumber Company, which has a large plant at Butterworth. Negroes had a dance near Butterworth Saturday night, which was attended by both Lewis and Fagan, and it is said the two men first quarreled at the dance. Yesterday morning two colored women saw the men in an argument, saw Lewis draw his pistol and shoot at Fagan and saw Fagan when he fell to the ground. When they got to where Fagan fell, Lewis was standing over him and trying to force a pistol into his hands. Fagan was shot just below the heart and lived only a few minutes.

Lewis was arrested and taken to Dinwiddie Court House. After the evidence was heard, he was committed to the jail here for safe keeping.

Lewis, in a statement, says that he and Fagan were only "projecting" with the postol when it went off and killed Fagan. He swears positively that the two women who testifid beofre the magistrate at Dinwiddie Court house were not present at the time of the shooting, and that there were no witnesses.

Plunges Through Elevator.

Losing his balance presumably while endeavoring to hist the car Ury Denenburg, a prominent New York and Washington captalist and coffee merchant, plunged three flights through an elevator shaft at his place of business, the Manhattan Coffee Mills, 618 Pennsylvania Ave., Washington, Saturday afternoon. His crushed form was taken lifeless from the pit. Death was instantaneous.

MATTER FOR CAREFUL INQUIRY

Japanese Minister's Diffidence in Presence of Emperor Is Cause of Funny Break.

The late emperor of Japan was regarded with the greatest veneration by his subjects, and this attitude of awful reverence was maintained also by his ministers, in spite of the fact that affairs of state made it necessary for them to see him and converse with him very frequently.

One of these ministers, the Marquis Matsugata, used to experience agonies of nervousness every time he had an audience of his sovereign, and he was never able to say anything distinct in reply to him except the set phrase, "I shall have careful investigation made, your majesty."

This generally brought him safely through a short audience, but one day, unfortunately, the emperor condescended to discuss the marquis' more private affairs.

"How many children have you?" the emperor asked.

Back came the inevitable phrase, "I shall have careful investigation made, your majesty!"

The story loses nothing from the fact that the marquis had a very large family indeed.

HOTEL MODERNITY IN CHINA

Hostelry In Shanghai Is Equipped With Baths, Radiators and Open Plumbing.

The opening of the new Chinese hotel in Shanghai, the Mong Yuen Lee Tzar, was celebrated recently by a banquet, the New York Sun states. The Mong Yuen Lee Tzar is the most up-to-date Chinese hotel in China. It is built of red brick with dark wood trimmings and is airy and sanitary. The building surrounds an open court with balconies around at each floor, so that there are no inside rooms. The hotel is equipped with open plumbing throughout, steam radiators in each room, electric lights and fans. Some of the rooms have private bathrooms connecting and all are furnished in semi-foreign style. The hotel is four stories high and has 32 rooms, including the suites, comprising a bedroom, sitting room and bathroom. The building covers a mow and a half of land, which cost 40,000 taels. The entire property furnished cost $80,000.

Bees Like Mineral Water.

For the tenth successive autumn a mineral water factory at Cardiff, Wales, was recently invaded by bees, which come in huge companies. All through the week the cloud of bees increased in dimension, and at the end of the week the "avalanche" was a record. The firm have consulted local beekeepers and experts, but no one can say where the bees come from, although beekeepers in the neighboring suburbs state that they have lost large numbers. Bee experts say they may come from many miles around. The remarkable thing is that although this one particular factory has been honored by these armies of visitors for ten years two mineral water factories quite near at hand have been left severely alone. Another curious thing is that the bees come every morning as soon as day breaks and depart when the sun does down. They do not deliberately sting, but some employes have been stung through catching hold of some utensil upon which bees have fastened.

Small Clue to Crime.

A mysterious St. Petersburg crime has just been solved by means of a trousers button. Some days ago the police found the bodies of a well-to-do couple named Andrejeiff lying near the Ninekaja railway station, bearing unmistakable evidence of having been stabbed to death. The wife was known in the district on account of the valuable jewelry she used to wear, and the jewelry was missing when her body was found. No clue to the identity of the murderers could be found except a trousers button, which was lying near the bodies, but as this button was similar to those used for a certain uniform a search was instituted. This led to the discovery of a man in the One Hundred and Forty-sixth Infantry regiment whose trousers were minus a button, and on being accused of the crime he immediately confessed.

Rubbing It In.

Mayor Stewart, at an insurance men's banquet in Saginaw, told an insurance story.

"A septuagenarian," he began, "said one evening at dinner to his fair young wife:

"'My darling, I have just insured my life in your favor for $100,000.'

"'Oh, you duck!' the beautiful girl cried, and, rising and passing round the table, she kissed her husband lightly on his bald head.

"'Darling,' he said, taking her slim white hand, 'is there anything else I can do for you?'

"'Nothing on earth,' she answered; and then, with a little silvery laugh, she added, 'Nothing in this world. Nothing under heaven.'"—New York Tribune.

Called the Bluff.

"So you advertised for your lost purse, pretending that the person who found it was recognized?"

"Yes."

"How did the bluff work?"

"Didn't work at all. Next day this ad. appeared in the same paper: 'The recognized gentleman who picked up the purse on Boylston street requests the loser to call at his house.'"—Boston Transcript.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months.

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui *today*. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all druggists.

GIRL'S FACE SLASHED.

She Charges Rejected Suitor With Hiring Assailant to Disfigure Her.

Ecclos, W. Va., July 14.—With her face so slashed that it will be disfigured for life, Miss Loda Prince, who has been one o fthe belles of this place, named a man she declares hired another to kill her or disfigure her because she had declined to receive his attentions.

Fighting to protect herself, the girl nearly had her hands severd by the razor wielded by her assailant. Her condition is critical, but she is expected to recover. Fifty-three stitches were necessary to close the wounds in her face alone.

For weeks, Miss Prince says the man she accuses of hiring the assailant had been trying to force his attentions upon her. On several ocasions, she declares, when she repulsed him he threatened to kill her or to mar her appearance so that she would never attract another suitor.

The attack was made on Miss Prince as she was walking along a lonely road on the outskirts of the city. She was seized from behind by a man she failed to recognize. He spun her around and slashed her face up and down,across and diagonally, with a razor.

Wounded as she was, the girl courageously struggled to wrench the razor from her asailant. The man slashed her across the wrists with the razor, but she succeeded in taking it from him. When she turned the weapon on her assailant he fled. The girl managed to reach a house some distance from the scene of the assault before she collapsed.

Miss Prince says she has no idea of the identity of the actual assailant. In view of alleged threats that her unwelcome suitor hired the man either to kill her or to ruin her beauty.

CHURCH WINDOW A TRAP.

Falls And Catches Negro Prowler Who Gets Six Months Sentence.

Hagerstown, Md., July 14.—While attempting to enter the Hilt Church, at Frederick, George Soffell, alias "Hagerstown Slim," was caught and pinned by a heav ywindow which fell on him as he was halfway through it. It was several hours before his shouts brought rescue and arrest, by which time he was in a state of collapse.

Though he declared his only purpose was to seek shelter from the rain, Judge Anders sent him to the House of Correction for six months, reminding the prisoner that he had disobeyed a recent order of the Court to leave town.

THREW HIMSELF BEFORE CAR.

Motorman Claims That Man Killed Committed Suicide.

Philadelphia, July 14.—Declared by the motorman of the trolley car that struck him to have deliberately hurled himself on to the tracks, Geo. Hoffner, 40 years old, a farmhand employed at Point Breeze, was run down and terribly mangled early yesterday morning at Seventeenth street and Moyamensing Avenue. The man was hurried to St Agnes' Hospital, but the physicians declared that death had been instantaneous.

According to John Feeley, motorman of the car, the man was standing on the corner of Seventeenth street and Moyamensing avenue, and when he saw the car approaching he suddenly ran to the tracks and threw himself in front of the car. Feeley was unable to bring the car to a stop, and the man was killed. Feeley was later arraigned before Magistrate Gorman and held to await the action of the coroner.

DIED FROM HIS INJURIES.

Russell Rosenberger Crushed to Death by Wheels of Wagon.

Winchester, Va., July 14.—Russell Rosenberger, aged 20 years, died yesterday at Memorial Hospital from injuries received the day before by being run over by his wagon.

He was engaged in hauling supplies to the United States cavalry maneuver camp, near town, when part of the load toppled from the wagon, striking Rosenberger and throwing him under the wheels, which crushed his chest.

Just a year ago a brotker of the man was killed by having both feet cut off by a mower and his grandfather also was accidentally killed by being run over by a wagon.

Rosenberger was a son of Asa L. Rosenberger, a leading farmer of the county.

PATIENT'S RUN AMUCK

Lancaster, Pa., July 14.—John F. Musselman, 32 years old, a typhoid fever patient at the General Hospital, while delirious, assaulted the nurses. He then procured a pair of scissors, and before assistance arrived he stabbed himself several times in the abdomen. In attempting to escape from the room his head was terribly cut with broken glass.

The excitement and injuries will result in his death. Five sisters of Musselman are down with the same disease.

New York, July 14.— So popular was 15-year old Mary DeMartine with the youths of her acquaintance that every afternoon they would gather on the roof of her home to converse with her. Her mother spanked her for this a week ago.

Miss Mary and her chums were on the roof this afternoon, when suddenly Mrs. DeMartin's head appeared above the scuttel. The girl was taken to her home down the stairs and the mother used a strap.
